

**College:** Bharati College, University of Delhi  
**Society:** National Service Scheme  
**Date:** March 1st ,April 3rd and April 15th, 2024  
**Name of Event:** Titarpur Village Survey  
**Title:** Unnat Bharat Abhiyan

**Introduction:**

The NSS unit of Bharati College conducted visits to Titarpur Village under Unnat Bharat Abhiyan and completed 100 household surveys in Titarpur Village, located in Tagore Garden, New Delhi. The purpose of the visit was to assess and address various issues faced by the residents. The surveys were conducted on March 1st April 3rd and 15th, 2024.

**About village:**

Village Name : Titarpur, Tagore Garden, Tagore Garden Extension, New Delhi  
District : North East Delhi  
State : Delhi  
Language : Hindi  
Ward : Rajouri Garden Ward  
Assembly constituency : Rajouri Garden assembly constituency  
Assembly MLA : Dhanwati Chandela  
Lok Sabha constituency : West Delhi parliamentary constituency  
Parliament MP : Parvesh Sahib Singh Verma  
Pin Code : 110027  
Post Office Name : Tagore Garden

**Objectives:**

1. Identify and document the problems faced by the residents of Titarpur Village.
2. Assess the need for improvement in key areas such as cleanliness, safety, water supply, sanitation, and more.
3. Avail recommendations and potential solutions to address the identified issues.

**Summary:**

The NSS unit of Bharati College visited Titarpur Village to conduct household surveys and gather information about the challenges faced by the residents. The surveys aimed to understand the general household issues on daily basis. For instance the frequency of collection of waste, major health problems awareness regarding government schemes, source of energy power and water, sanitation system, agricultural imports, major problems faced by the residents and their suggestions for the same.

**Key Participants:**

1. NSS Unit of Bharati College
2. Residents of Titarpur Village

**Outcomes:**

Based on the conducted surveys, the following issues were identified:

1. Lack of cleanliness and maintenance in the village.
2. High electricity and water bills burdening the residents.
3. Safety concerns and incidents of theft.
4. Insufficient park maintenance.
5. Water supply issues and sewage clogging.
6. Challenges related to admission in schools.
7. Inadequate food resources from ration shops.
8. Limited parking space availability.

**Recommendations received from the residents:**

1. Implement regular cleanliness drives and awareness campaigns to promote cleanliness in the village.
2. Explore measures to reduce electricity and water bills, such as promoting energy-efficient practices and identifying water conservation methods.
3. Enhance safety measures through increased police patrolling and community engagement programs.
4. Allocate resources for park maintenance and encourage community participation in its upkeep.
5. Address water supply issues and improve sewage management systems.
6. Advocate for streamlined admission processes in schools to ensure equal opportunities for all children.
7. Monitor and ensure the availability of sufficient food resources in ration shops.
8. Evaluate the need for additional parking spaces and explore solutions to address the parking space issue.

**Conclusion:**

The NSS unit of Bharati College successfully conducted household surveys in Titarpur Village, identifying various challenges faced by the residents. The findings highlight the need for collaborative efforts between the community, local authorities, and relevant stakeholders.
